Subject: FW: 104(e) responses re South Dayton Dump

Good morning, Anna:

Could you assign a RIN # and a specialist to address this FOIA request? We've narrowed it down to whatever 104(e) requests and responses thereto EPA R5 may have sent/received regarding the South Dayton Dump & Landfill (Site/Spill ID B52B).

Thanks, Tom

Tom,

Yes, that's right - thanks. I listed all the requests and responses we have and we would like copies of any other requests and responses sent or received.

Thank you,

Jen

Jennifer:

Sorry, I don't see anything highlighted in bold. Looks like you listed all the 104(e) requests and responses for this site of which you already have copies?

Is that right?

You already have copies of what's listed in your two paragraphs, and you would like copies of any other requests and responses sent and/or received by USEPA regarding this Site?

Thanks, Tom

Tom,

As we discussed, below (highlighted in bold) is the list of 104(e) responses we have for the South Dayton Dump. I have included our list of requests from EPA and requests for extension as well, in case that makes it easier for you to determine what we might be missing. Could you please let me know if any responses are missing, and if so the best way for us to get copies of those responses? Please feel free to give me a call to discuss as well.
